Hello Jacqueline,

Would you be able to estimate this cost for this public notice for me:

**Public Notice for Florida's Request to Assume the Section 404 Permitting Program Under the Clean Water Act**

Section 404(g)(1) of the Clean Water Act (CWA) allows any State to apply to the United States Environmental Protection Agency (USEPA) to administer its own individual and general permit program for the discharge of dredged or fill material into state regulated waters within its jurisdiction. The Governor of the State of Florida has submitted a complete request for approval of such a state program. Pursuant to CWA Section 404(h), the USEPA will approve or disapprove the program no later than [add 120 day date].

The public comment period for the proposed assumption of the Section 404 program by the state of Florida closes on XXXXXX. USEPA will hold a public hearing on Florida's request on XXXXXX(address and date) at the XXXXXX in Kissimmee, FL. Written comments may be submitted at the public hearing, or submitted in writing directly to EPA through the Federal eRulemaking Portal, Docket No. XXXXXX [will need docket number set up]. The State's submission is on file and may be inspected [add library hours and dates it will be available] and copied (for a per page charge) at the USEPA Region 4 Library, 9<sup>th</sup> Floor, 61 Forsyth St SW, Atlanta, GA
